Sport is my hobby. Fond of swimming and skiing. Always take part in school competitions.

My favourite subjects are History, Art, Literature. I always take part in the Olympiads.

Art school helped me greatly to
broaden my horizons and
intelligence

I finished Art school 2 years ago but still love drawing in my spare time.

English is one of my favourite subjects,
and I'm working hard to improve it

Working on projects developed my reading and, language and analytical skills

I have two diplomas for my research works. I got great experience speaking in the public

Poetry contest was a real challenge but I coped and got the third prize!

I often go on excursions with classmates and teacher. Like visiting places of interest of our city.

In my free time I like going out with my friend or hang out in the open air.
