ПРЕДИСЛОВИЕ

В России мандолина была одним из популярнейших и любимейших инструментов до 50-х годов 20 столетия. Было огромное количество неаполитанских ансамблей и оркестров. В России и Татарстане с 18 до середины 20 века инструмент был востребован и любим в народе, но почему-то официально так и не был признан народным инструментом.

К сожалению, в 50-е годы 20-го века произошла искусственная замена мандолины домрой, в то время как в других странах традиции игры на мандолине никогда не прерывались, они непрерывно развивались, постоянно накапливался репертуар. Сегодня происходит возвращение мандолины в нашу музыкальную жизнь, в нашу музыкальную культуру. На мандолине исполняют самую разнообразную музыку – от классики и фолка до кантри и блюграсса. В связи с этим, остро стоит проблема обеспечения мандолинной нотной литературой. К сожалению, в России практически нет нотной литературы для мандолины. Все учебные пособия, оригинальные произведения для мандолины создаются зарубежными авторами и издаются, естественно, за рубежом. В современной России была издана единственная «Школа игры на мандолине» В.П. Круглова в 2009 году.

В сборник «Пьесы для ансамбля мандолинистов» вошли яркие и широко известные произведения русских, советских, татарских и зарубежных композиторов. Произведения, вошедшие в сборник, помогут преподавателям музыкальных школ в подборе репертуара для ансамблей мандолинистов. Пьесы расположены в порядке возрастания сложности с учетом художественного и технического роста юных мандолинистов. Все произведения, вошедшие в сборник, яркие и образные, что, несомненно, будет расширять музыкальный кругозор юных исполнителей этих произведений. Сборник предназначен для обучающихся младших и средних классов ДМШ и ДШИ.
